**Evolution Markets Named Best Carbon and Renewable Energy Broker
in 2019 *Environmental Finance* Annual Survey**

-- Evolution Markets' Award Tally Now Exceeds 150 in the 20 Years
of Environmental Finance's Survey --

White Plains, NY (December 13, 2019): Evolution Markets has been recognized as "Best Broker" in global carbon and renewable energy markets in the 20th Annual Market Rankings published by *Environmental Finance* magazine. Overall, the company was named best broker in seven categories. The *Environmental Finance* survey is the leading benchmark for traders, brokers, and other service providers in global environmental trading markets. The rankings are determined by votes from active market participants.

"There is more global attention to environmental markets this year than ever before, and Evolution Markets has been at the forefront of sound market development," said Andrew Ertel, President and CEO of Evolution Markets Inc. "The results in this year's *Environmental Finance* survey point to our role in offering efficient trade execution and assisting in market design. We appreciate the recognition from our clients and peers."

Evolution Markets' honors in the annual survey include being named "Best Broker" in the following categories:

- Best Broker, Spot & Futures – North American Carbon Markets (California)
- Best Broker, Options – North American Carbon Markets (California)
- Best Broker, North American Carbon Markets (RGGI)
- Best Broker, Spot & Futures – EU Emissions Trading Scheme
- Best Broker, Options – EU Emissions Trading Scheme
- Best Broker, Renewable Energy Certificates (North America)
- Best Advisory (Runner Up), Renewable Energy Certificates (North America)

With recognition in seven categories in the 2019 survey, Evolution Markets has received more than 150 *Environmental Finance* awards in the survey's 20 year history. This total is more than any other brokerage company.

"We are honored by all the Best Broker distinctions our teams have received over the years," added Mr. Ertel. "However, we are even more proud of the role these markets have played – and continue to play – in protecting the environment. We look forward to continuing the mission of building and supporting viable market-based environmental solutions."
