**Evolution Markets to Host Renewable Energy Certificate Auction for the  
Massachusetts Clean Energy Center**

*-- Sale of 4,200 Massachusetts Class I RECs Scheduled for June 4, 2015 --*

**White Plains, NY (May 26, 2015):** Evolution Markets Inc. announces today it will conduct an auction of Renewable Energy Certificates (RECs) on behalf of the Massachusetts Clean Energy Center (MassCEC). The auction is slated for June 4, 2015 and includes RECs from four separate projects. For this auction, MassCEC plans to offer 4,200 Vintage 2014 Massachusetts Class I Renewable Certificates generated in the 2014 Calendar Year.

"This latest MassCEC auction comes as we approach the 2014 compliance deadline," said Peter Zaborowsky, Managing Director, Environmental Markets at Evolution Markets. "While the Massachusetts compliance deadline is July 01, the transfer system closes on June 15. The auction will offer a source of supply of Calendar Year 2014 RECs just before this important deadline."

The auction will feature RECs generated by four different renewable energy projects: the Green Affordable Housing Initiative Photovoltaic Installation Aggregation project, the Fairhaven Wind LLC facility, the Jiminy Peak Mountain Resort Inc facility, and the Kingston Wind Independence LLC facility. Renewable energy certificates from each project have been approved by the Massachusetts Department of Energy Resources (DOER) as eligible sources under the Massachusetts Renewable Portfolio Standard (MA RPS). These RECs will be sold in two lots, including one lot of 2,500 RECs and second lot of 1,700 RECs.

"The MassCEC mission to support renewable energy projects and clean energy programs that cut greenhouse gas emissions is a vital part of the sustainable development of the Massachusetts economy," said MassCEC CEO Alicia Barton. "The semi-annual auctions provide a means to monetize the environmental benefits of our projects and reinvest the proceeds in clean power programs throughout the state.

Through the Renewable Energy Trust Fund, MassCEC promotes clean energy technologies and provides funding to help develop renewable energy projects in the Commonwealth. For some projects, the agency enters into long-term agreements to purchase a portion of the renewable energy certificates, which are then sold to generate additional revenue for use in MassCEC programs.

The auction will use Evolution Markets' proprietary online auction platform, EvoAuction<sup>SM</sup>. Bidders interested in participating are required to obtain a user account for Evolution's on-screen, secure auction platform, and may directly enter secure, confidential bids according to the rules of the auction. Bidders may also submit bids via telephone, on a recorded line, to be entered into the on-screen auction platform by Evolution Markets on their behalf.

Interested market participants may register with Evolution Markets by emailing Peter Zaborowsky at: pzabo@evomarkets.com. Qualified bidders will be provided a login ID and password, and they will be able to post bids beginning at 10:30 am EST on the day of the auction. All bids will remain anonymous to the market. Qualified bidders will be able to view all bids posted until the end of the open bidding period at 11:30 am EST on the auction day. Bidders that submitted bids during the open phase will then have until 12:00 pm EST to submit their final sealed bid either online or by telephone. Final sealed bids will not be available for viewing. Participants wishing to submit bids via telephone will have their bids entered into the online system by Evolution Markets.

An auction notice and REC Sales Agreement are available from Evolution Markets for bidders to consider, as well as on MassCEC's website. Counter-proposals to the terms of the REC purchase and sale contract will be considered by May 29, 2015. However, no post-bid acceptance contract negotiations are permitted. Material questions about the auction, the generators, or other such information should be submitted in writing to MassCEC (details below) no later than May 29, 2015 at 12 p.m. EST, and will be responded to in written form no later than June 2, 2015 at 4:00 p.m. EST. All questions and responses shall also be posted on MassCEC's website. Please see official Auction Notice for more details.

Questions regarding MassCEC programs should be directed to:
